

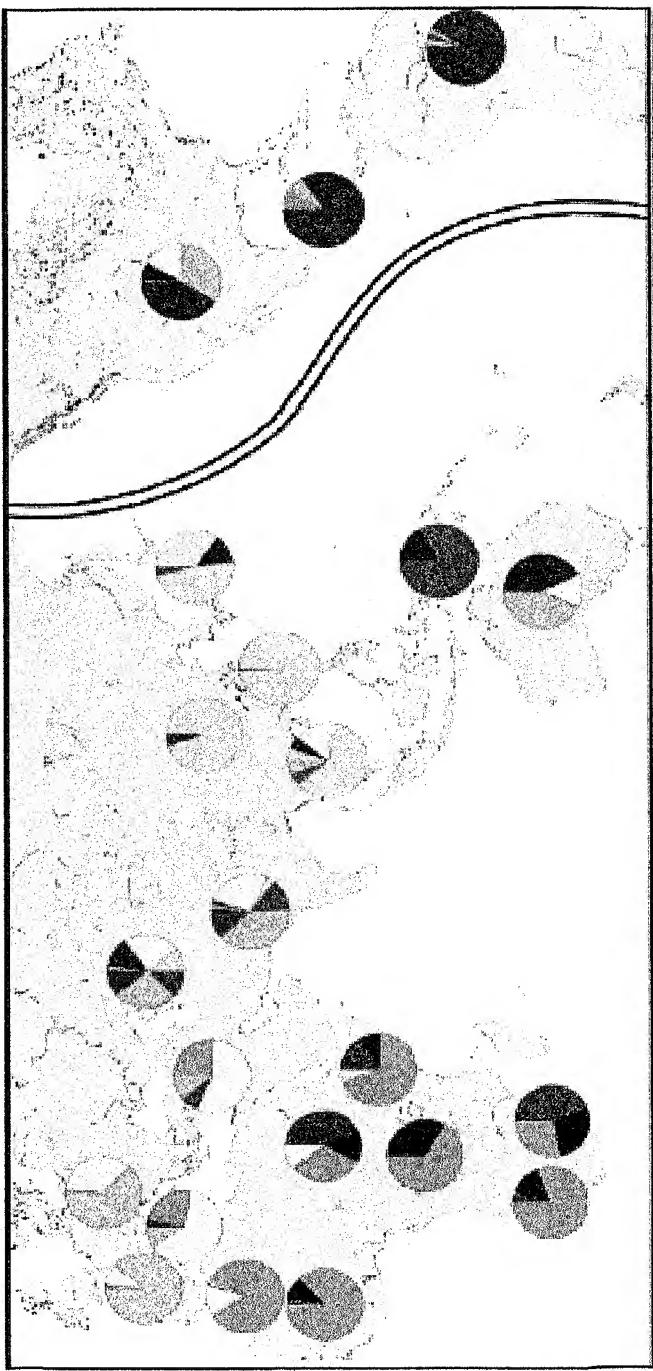

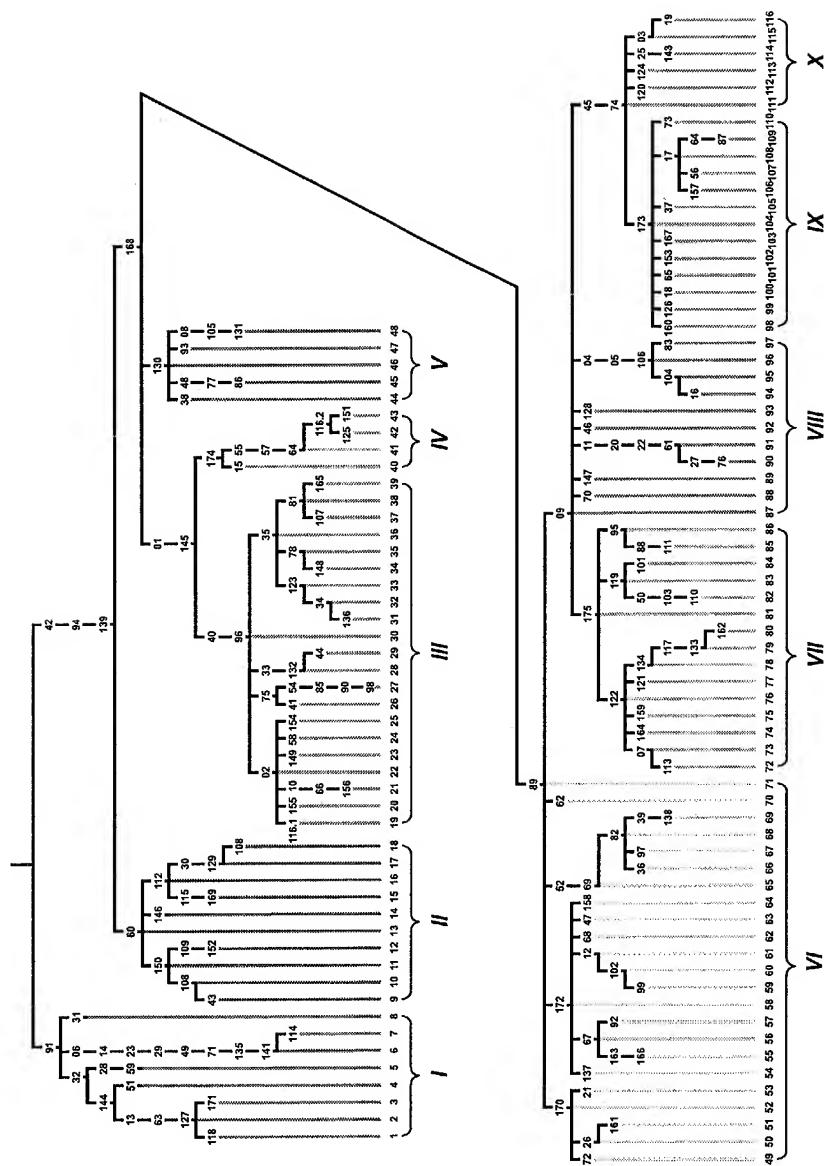

FIG. 1

Title: "A Method for Determining Genetic Affiliation, Substructure and Gene Flow Within Human Populations"
Author: Oefmer et al.
Inventor: Oefmer et al.
Alt. Docket No. STAN-212

FIG. 2

Title: "A Method for Determining Genetic Affiliation, Structure and Flow Within Human Populations".
Authors: Doebley J., Shantz A., Omerod J., et al.
Number: STAN-212

FIG. 3

Human genetic variation: Substrains and gene flow within Human Populations

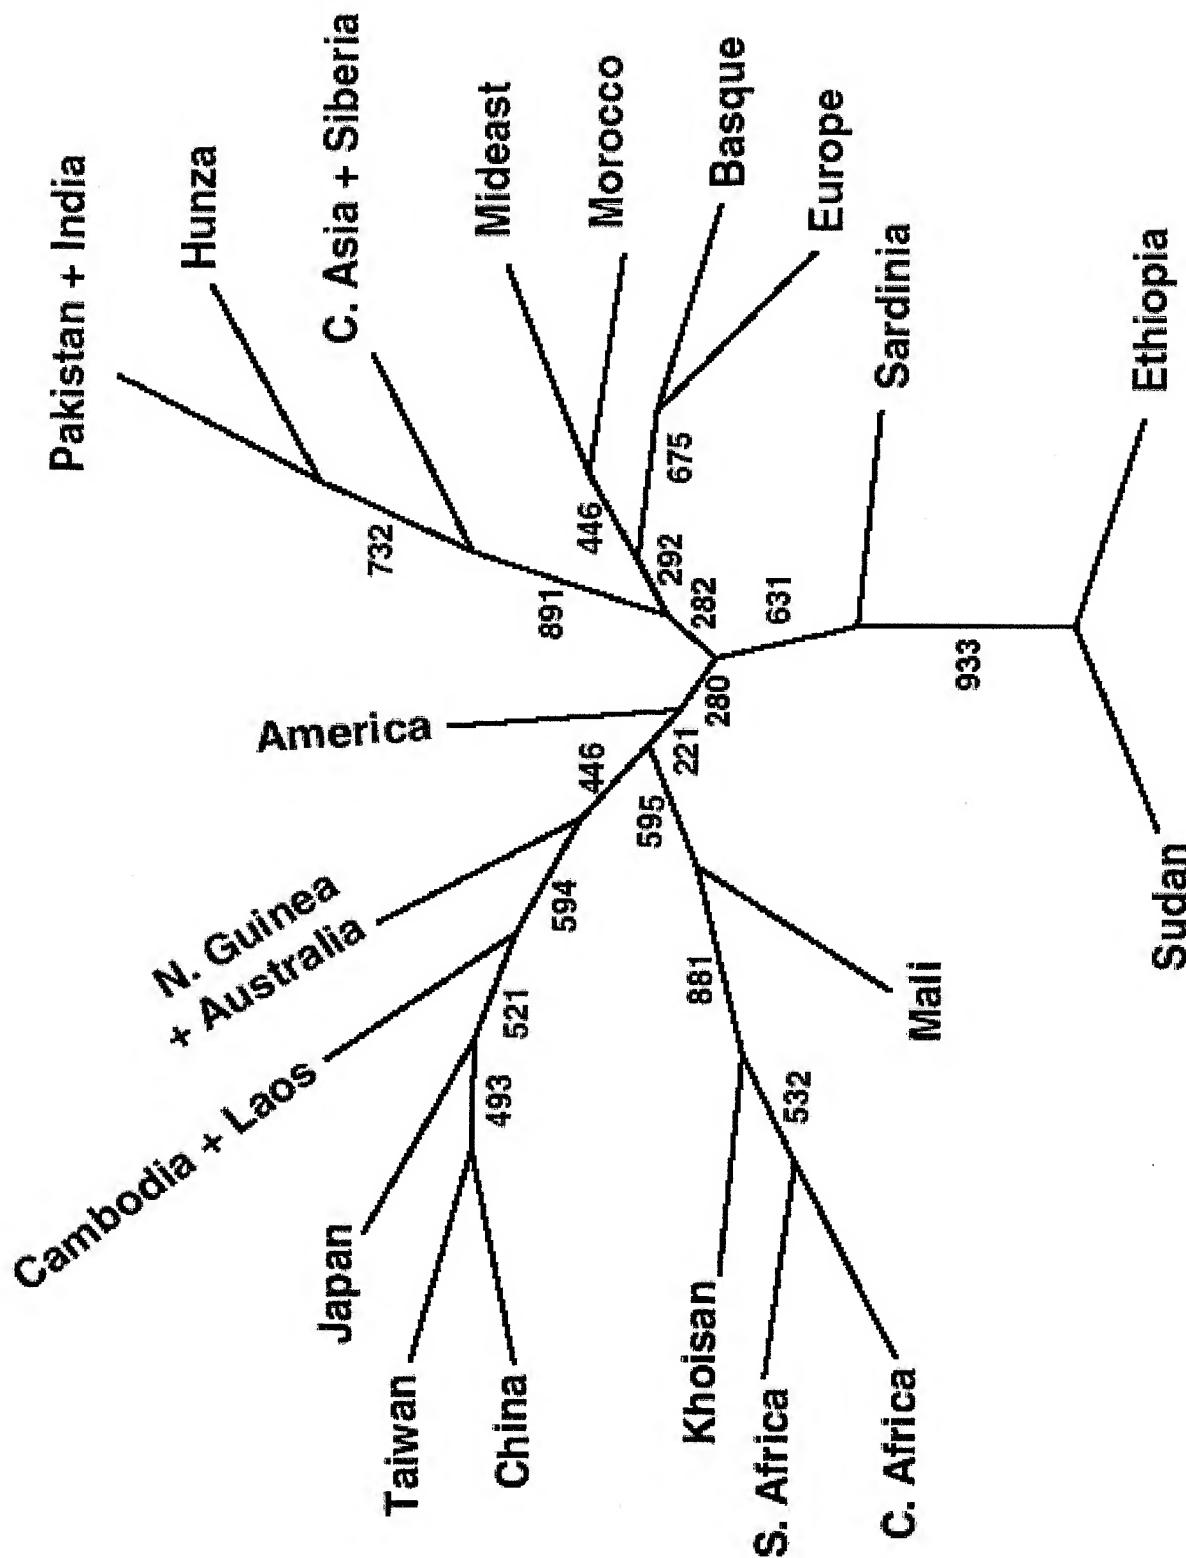

FIG. 4
